

Year 5 Blog - Week commencing 22nd April 2024

Egyptians and the River Nile!

This week Year 5 have continued to enjoy their learning about our topic 'Africa'. In our writing lessons, pupils have written a persuasive piece of writing to persuade somebody to visit either Kruger National Park or Cairo. In addition to this, they have developed their understanding of the Egyptians and the River Nile in our history lesson.

In RE the pupils have been considering the importance of the resurrection story and how this story effects Christian's and their beliefs. Year 5 have continued their learning of different life cycles in science. This week they enjoyed learning about the life cycle of a butterfly and showcasing their understanding of this in their books.

During our French lesson pupils considered how to order in a café by looking at different fruits and learning how to pronounce these words.
