

Year 5 Blog - Week commencing 15th January 2024

A Star Wars Adventure!

This week year 5 have been writing a narrative story based on a scene from Star Wars. The pupils have been describing their narratives using expanded noun phrases, embedded clauses and metaphors. They have worked incredibly hard on improving their work.

In maths the pupils have been learning about multiplication, multiplying by four-digit numbers and they have been solving a range of word problems.

Pupils have continued to learn about our topic Space. In Science, pupils learnt about theories towards whether the Earth was flat or round. In our history lesson, pupils learnt about key moments of British Space history.

Finally, pupils enjoyed their PE lessons this week, taking part in either tag rugby or netball lessons.
