

Year 5 Blog – Week Commencing 19.06.2023: Terrific Threaders

ART

Art this week comprised pupils learning how to thread a needle and how to neatly complete a blanket stitch. This is the first step to them making their own blanket. The teachers in year 5 were really impressed by the skill and determination of the pupils while learning how to do this.

RE

Pupils continued their learning on initiation ceremonies. We considered how our responsibilities change as we get older. Pupils then learned what happens during a Jewish Bar/Bat Mitzvah celebration and how within Judaism the participant is now responsible for continuing their own religious journey.

READING

Pupils are continuing to enjoy the book 'The White Giraffe'. The main protagonist has now been sent to South Africa to live with her grandmother. The pupils were using their knowledge of previously taught lessons to answer inference, summarising and clarification styled questions.

HISTORY

During history this week pupils considered why the pyramids were made and what happened during the Egyptian mummification process. The pupils were both fascinated and mesmerised at the process, they then learned the rationale behind the process and Egyptian beliefs about the afterlife.

MATHS

Pupils have been working with negative numbers this week. They have been applying their knowledge to real world scenarios such as money, temperature and sea level.
