

Year 5 Blog – Week Commencing 21.04.23: Danbury

Year 5 attended their annual residential to Danbury outdoors centre.

We arrived at 10.30 and by 11.00 pupils were partaking of their first activities.

This was a thrilling, fun packed residential! We know all pupils felt a level of challenge particularly when faced with the Ariel trek or zip line and reward when they completed the activity.

The first evening pupils had some time to take part in mini games of football, rounders, dodgeball or tennis. We finished the evening with a quiz, hot chocolate and bedtime story.

The Tuesday morning started brightly with all pupils enthusiastic to begin a new day of adventure. A common highlight with all groups was the opportunity to canoe and kayak on the lake or river Chelmer.

Pupils had an opportunity to watch a movie Tuesday evening, followed by hot chocolate.

Wednesday brought our final day at Danbury, pupils were excited to see their families but didn't want to leave. We made the most of this day with many groups taking part in rock climbing, caving and mountain biking.

Mr White would like to share his heartfelt pride in all of our pupils who challenged themselves and overcame at least some element of apprehension or even fear. They behaved particularly well and thoroughly enjoyed their trip to Danbury making lifelong memories.
