

## Year 4 Blog - Week commencing 1<sup>st</sup> July 2024

### Busy Beach and Sports Days!

We've had an incredibly busy and exciting week here in Year 4, filled with activities that have kept the children engaged and enthusiastic. Here's a brief overview of what we've been up to.

Tuesday was a day of high energy and sportsmanship as we held our annual Sports Day. The children competed in their houses, showing off their skills and teamwork in various events. Highlights of the day included the Basketball Shoot Out and Bean Bag Toss. The children displayed their accuracy and agility, aiming for the highest scores for their houses. It was wonderful to see them cheering each other on and demonstrating such fantastic house spirit.

Wednesday brought a change of scenery as we took a trip to the beach. Although the weather wasn't perfect, the children had a blast. They built impressive sandcastles and dug deep into the sand, working together to create various structures. The children also enjoyed splashing and paddling in the shallow waters. Excitement peaked when they discovered numerous crabs along the shore.

Back in the classroom, our Design and Technology lessons have taken a delicious turn. This week, the children have started learning about the art of making curries. They explored different ingredients and spices, discussing how these elements come together to create diverse and flavourful dishes. This hands-on learning will culminate next week when they will have the opportunity to make their own curry from scratch. The anticipation is building, and the children are eager to put their new knowledge into practice.
