

Year 4 Blog - Week commencing 27.11.2023

The Dyson Project

This week in year 4 we have started our Hugo Cabret stories. We began with a paragraph to carefully describe the landscape of Paris and the outside of the train station. We ensured we included lots of fronted adverbials and expanded noun phrases in our sentences.

In DT this week we have continued our work on The Dyson Project. This week we got to junk model our new inventions using cardboard! Next week we will be finishing off the building stage and we will get to decorate our inventions. We are excited to share some pictures next week!
