

Year 4 Blog – Week Commencing 11.09.2023: Stone Age Stories!

This week in year 4 we have started our Stone Age Stories! Over the next few weeks we will be writing an adventure story set in the Stone Age. We have completed our plans and written our introductions. We worked hard to describe the setting imaginatively and clearly. Our focus has been to include expanded noun phrases to make our descriptions vivid.

We have conducted an investigation in science this week looking at how sound travels through different mediums. We looked at sound travelling through gases, liquids and solids. We identified that we can hear things clearer when the sound travels through gas rather than liquids or solids.

In history we learnt about Stonehenge. We timetabled the events of the Stone Age and then made our own class Stonehenge out of biscuits!
