

Year 4 Blog – Week Commencing 03.07.2023: Oh I do like to be beside the seaside!

We have had such a fantastically fun-filled week in Year 4!

We started the week off with our sports day! We had the opportunity to compete in lots of different activities throughout the morning. One of our personally favourites was the football shootout. We loved seeing lots of volunteers taking part in the mums and dads races this year. It was amazing to see everyone fully enjoying themselves and getting involved! We would also like to thank the pupils and staff from Appleton who came over to support our sports day.

On Tuesday we got to go to the beach! For some of us, it was our very first experience of a day by the sea. We got very lucky with the weather and managed to avoid the rain all day long! Our beach day was filled with lots of fun activities for all! Including a ring toss competition, sea shell hunt, boules and a beach relay race. We also did a little bit of litter picking whilst we were there so we could complete another badge on our year 4 personal passport. We were pleasantly surprised by how clean the beach was so there wasn't too much tidying up for us to do!

We continued our swimming lessons this week and we were working on strengthen our front crawl techniques. Lots of us are now so much more confident in the water and have fully enjoyed our lessons this term, we are very sad that we only have one more week on swimming lessons to go!

In history lessons this week, we finished our learning of the Indus Valley. We focused on reasons for the decline of this civilisation, there are lots of theories around this! In groups, we picked the theory we believed the most and created a news report on our chosen theory. We then acted these out in front of the class!
