

Year 4 Blog – Week Commencing 05/06/2023: The Good Samaritan

This week, Year 4 have been welcomed back to school with a fun-filled curriculum. We have been doing some roleplay, learning about the Indus Valley, choropleth maps, and finishing our Taj Mahal final pieces!

In Religious Education, we started our learning about Christian Parables. We learned all about the Good Samaritan. In groups, the children re-enacted the story and discussed the moral.

In History, we learned about the Indus Valley and when it took place in history. We were able to use our fantastic outdoor timeline on the front playground to compare the time periods of when the civilisation took place. We learned that it occurred at the same time as the Bronze Age and Ancient Egypt.

In Art, we used our previous skills of sketching to add to our watercolour backgrounds. Last lesson, we made sure that tone and blending was used to create a moody watercolour background. We used a variety of sketching pencils to draw the Taj Mahal over our backgrounds to create a tranquil scene.
