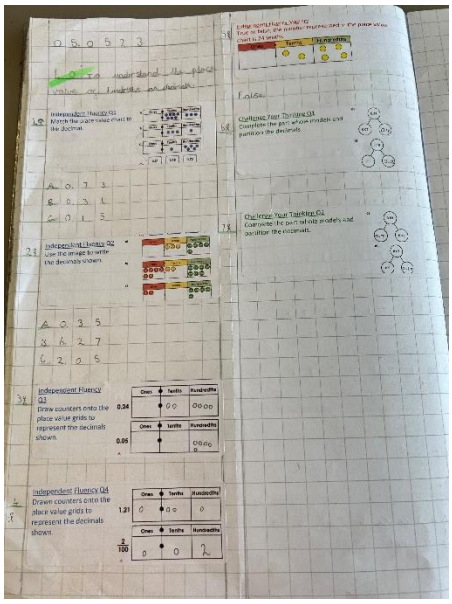
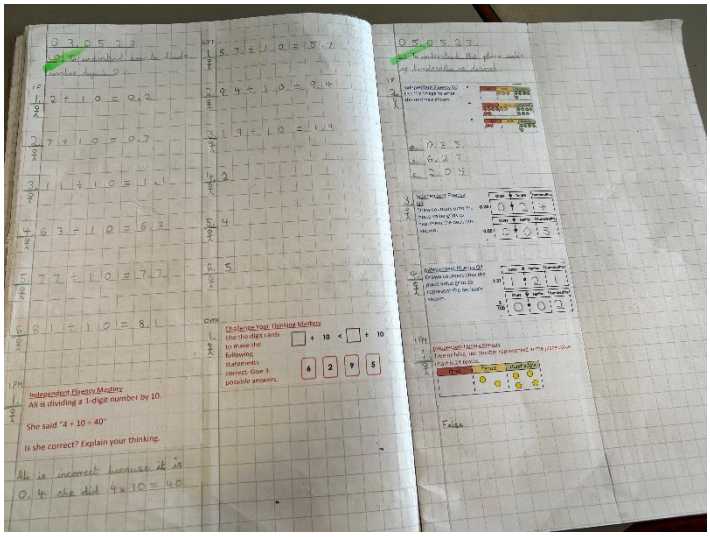
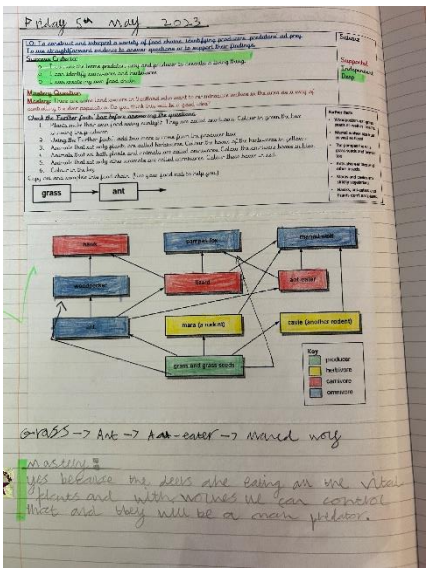
Year 4 Blog – Week Commencing 05.05.2023: Crowns, Flags & The King's Self Portrait

This week, Year 4 have been learning all about decimals in math's. We have been recognizing tenths and hundredths as decimals as well dividing by 10 and 100.

To celebrate the King's coronation, we spent Tuesday creating crowns, designing flags, and creating self-portraits of the King himself.






In science, Year 4 have been further learning about their new science topic: animals including humans. We learned all about food chains and the roles of living things in the eco system.
