

# YEAR 4 NEWS

Week of: 13/01/25

## A note from the year group:

What an exciting and productive week it has been in Year 4!

This week, we celebrated the completion of our climate change poems. The children put a fantastic effort into their writing, carefully crafting their words to highlight the importance of protecting our planet. They then performed their poems to the class, using expressive voices and actions to bring their messages to life. It was wonderful to see their confidence and passion shining through!

Now, we have moved on to exploring the key features of non-fiction texts. The children are learning how to structure information effectively, preparing them to write their own fact files on endangered animals. We are looking forward to seeing their research and writing skills in action next week.

In Geography, we explored the significant environmental issues caused by landfill sites. The children engaged in thoughtful discussions about waste management and sustainability before creating informative posters to raise awareness of this important topic. Their posters were filled with key facts, persuasive messages, and creative designs, demonstrating their understanding of the subject.

## Upcoming events:

- **Young Voices Choir Event @ 02- 21st January**
- **Dance Festival - 22nd January**
