

Year 6 blog – week commencing 10th June 2024

Rehearsals, hand printing and writing.

This week in Year 6, the children wrote fantastic biographies about their favourite celebrity; the Year 6 team learnt very interesting facts about many people that we did not know before! The children then wrote a non-chronological report based on Pandora 'Avatar', using descriptive language to describe the indigenous people who live there, their surroundings and animals/plants that live there.

Year 6 have been rehearsing Matilda this week, learning the rhythm and words to the songs, as well as their acting parts. We need the children to spend the weekend learning their lines and the songs ready for a full-on week of rehearsals next week (We apologise in advance for the singing!)

In Art, the children were focusing on the different steps needed for a creative process of drawing and shading. We focused on their hands, examining details needed to draw their hands and the details needed to make them look 'life like'.
