

## **Year 6 Blog – week commencing 20<sup>th</sup> May 2024**

### Writing, auditions and global trade!

This week in Year 6, we have been focusing on our writing. We have utilised our previous learning to incorporate into our writing. The children have been using relative clauses, contractions and a variety of punctuation to produce fantastic written pieces. They have really shown the teachers that they have a solid understanding of their GPS and writing curriculum.

We started our auditions for our end of year production this week. The children auditioned across two afternoons, allowing all of the children the chance. The children have really shown us their theatrical sides and we were surprised at some of their secret talents! It will be very hard for the Year 6 team to make a decision!

In geography, we have been learning about global trade, focusing on the UK's import and exports. Understanding why we have to import certain goods such as fruit and vegetables; learning that due to our varied climate we cannot produce certain foods all year round. The children were fascinated to understand that our economy relies on the export of the goods we make here in the UK. We discovered that the UK produces a variety of different vehicles and aeroplane parts!

We have had a lovely final week of term with the children, we hope you have a safe and fantastic half term! The children's final half term at Kents Hill is upon us and we are thoroughly looking forward to enjoying 3 days with them at PGL to start it off!
