

Year 6 Blog – Week Commencing 18.09.2023: Bonjour!

This week Year 6 have been working tremendously hard on their slave diaries, ensuring they are including a great deal of emotive and descriptive language including the use of the five senses. The children have really enjoyed this topic and have immersed themselves in the life of a slave.

Year 6 have been challenged in Maths this week, with common multiples, common factors, and divisibility rules in Maths. These have really tested their times tables knowledge and shown them how quickly they need to recall these in order to succeed in Year 6 Maths.

In French we have, creating our double page spread, identifying how important it is to learn another language. How to say 'hello', 'goodbye' as well as ask and answer the question 'how are you?' in French. Participation and engagement in these lessons have been great to see!

Year 6 have continued to look at electricity in Science where they have had the opportunity to complete their own circuit using batteries, wires, bulbs, buzzers and motors. Children have been able to use scientific terminology during class discussions.

In computing children have learnt about IP addresses and why these are required and how your computer sends and receives data. The children had a go themselves, discovering IP addresses of various domain names.
