

Year 3 Blog - Week commencing 15th July 2024

Creating rainforest animations.

This week, Year 3 have enjoyed designing and creating their own stop motion animations. They enjoyed designing the storyboard, making the background and characters and then used a stop motion app on the Chromebooks to make their animations.

In writing, the children have been using their knowledge of Mexico to plan and write a 'Where Mexico' poem using repetition and description. Below are some examples of their work.

The children enjoyed watching Kents Hills Got Talent on Thursday afternoon celebrating all the different talents children have across the school. Well done to our Year 3 children who got through to the final.
