

Year 3 Blog - Week commencing 1st July 2024

In the depths of the Mexican jungle!

This week, the children took part in Sports Day. The children all tried their best and enjoyed working together as a team to achieve the most points for their house. We were particularly impressed by how supportive everyone was of their peers. Well done Year 3!

In writing, the children published their persuasive adverts to Mexico. They focused on using rhetorical questions and powerful adjectives. Who wouldn't want to relax on a beautiful, crystal clear beach?

In maths, the children continued learning about shape. They looked at 2D and 3D shapes. The children were able to spot the number of faces, curved surfaces, vertices and edges of the shapes they were looking at.

In computing this week, the children worked in their groups to begin creating their setting for their animation. They used lots of different materials to create a jungle scene ready to create their characters.

Check back next week to see what we get up to!
