Year 3 Blog - Week commencing 24th June 2024

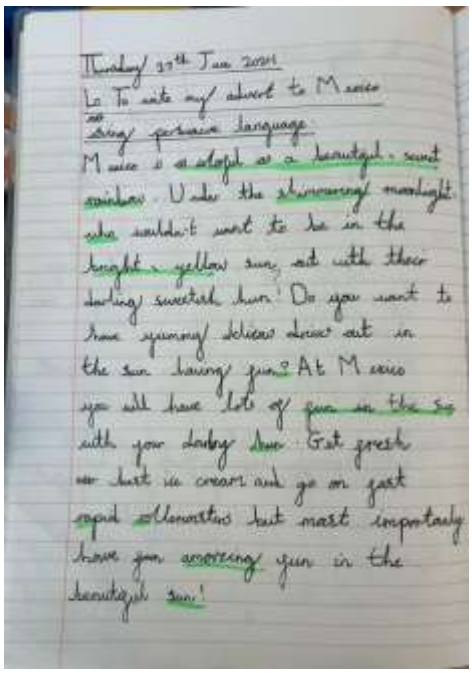
'Who wouldn't want a to go on a holiday of a lifetime?'

This week in Year 3, the children have been learning about mountains in geography. They labelled the different features of mountains including the summit and the plateau, whilst also researching all about the Andes Mountains in South America.

In writing, the children have been writing to persuade. They have started creating an advert for Mexico! They have been working hard to include rhetorical questions, powerful adjectives and exaggeration. Whilst also focusing on their fantastic handwriting.

In maths, the children have been focusing on shape. They have learnt about horizonal and vertical lines as well as parallel and perpendicular.

In computing, we are continuing with animation. The children created a story map based upon their own characters and setting which we will then create soon!

Come back next week to see what we get up to!


The Year 3 Team ☺
