

## Year 3 Blog - Week commencing 13<sup>th</sup> May 2024

### Kindness Matters – Celebrating our Kind Children

This week in Year 3, the children used descriptive language to write a character description about Miguel, the main lead in our film study lessons from the Disney Movie 'Coco'.

In Maths the learners have been diving into its practical applications in the topic of Money. They have been diligently working on understanding and converting pounds and pence, as well as adding and subtracting money.

Meanwhile, in History, the learners have proudly displayed all they have learnt about the Ancient Mayans in their double page spreads. From drawings of the types of food the Mayans ate, to descriptions about their religious beliefs, the Year 3s have certainly learnt a lot about this ancient culture.

Lastly, after pleading to '30 days of Kindness', each child was awarded their Kindness badge. These badges represent their 30 acts of kindness, and serve as a reminder to be kind to others every day.
