

Year 3 Blog - Week commencing 5TH February 2024

Trip round London

This week in Year 3, the children have been using their knowledge of fronted adverbials to write a paragraph about travelling round London. The children included lots of key landmarks that they would see on their journey, including, Big Ben, The London Eye, Wembley Stadium, The Shard, Buckingham Palace and lots more!

The children have begun their new topic within Design and Technology regarding photo frames. By the end of this unit, the children will be designing and making their own photo frame based upon their own ideas. This week, we looked at the design brief and the purpose of making such product. We look forward to showing you what we create!

Thank you for attending our Celebration Assembly this week. The children were so proud to show you all some of the amazing work they have been working so hard on since joining the Junior school. We hope to showcase lots more of the children's fantastic work soon!
