

Year 3 Blog - Week commencing 20.11.2023

The Three Little Pigs!

This week in Year 3 we have begun writing our fractured fairy tales based upon the story of The Three Little Pigs! The children are writing from the perspective of the wolf and have created some fantastic ideas to make the story their own! They have been looking at the use of adverbs and inverted commas to help engage the reader.

In geography this week we have been learning about the Equator. The children have been looking at longitude and latitude as well as the Northern and Southern Hemisphere. We also discussed where we would like to travel to if we could go anywhere in the world!

In science this week, the children have been comparing and grouping different kinds of rocks based upon their simple, physical properties. In groups, the children created Venn diagrams thinking about the different properties. We also discussed the key terms - igneous, metamorphic and sedimentary.

Check back next week to see what we get up to! The Year 3 Team 😊
