

Year 3 Blog - Week commencing 13.11.2023

S'mores, hot choc and campfires

This week, Year 3 have enjoyed having their campfire evening as part of their personal passports. The children enjoyed sitting around the campfires, roasting marshmallows, making s'mores and drinking hot chocolates. They also enjoyed singing some campfire songs. Thank you to all of the staff, parents and carers who helped with this event, without you it would not have been able to go ahead.

In science, the children have been continuing their topic of rocks. They explored how they can describe rocks and group them based on their physical properties. In groups, the children created Venn diagrams and decided on the headings for each group placing the rocks into the correct section.

In DT, the children have been planning their new project which involves them creating a cushion for an explorer who is feeling uncomfortable and lonely. The purpose of their cushions is to make an explorer feel happy, be more comfortable and remind them of home.

They have also been discussing anti-bullying week in classes, considering what bullying is and thinking about how we can make everyone feel included and make sure that no one is left out.
