

Year 3 Blog - Week commencing 06.11.2023

Rocking detectives!

This week, Year 3 have been enjoying writing rhyming poems about fireworks and bonfire night. They have tried hard to include similes and rhyming patterns in their poems. We then performed our poems and published them into a book. Below are some examples.

We were also lucky enough to be visited by John Magee the Kindness coach. He taught the children about the Happy Tank habits and had a go at learning some different strategies.

In science this week, we have begun our new topic 'Rocks'. The children went on a rock detective walk around the school looking out for different things made from rocks around the school and described them using adjectives.
