

Year 3 Blog – Week Commencing 19.06.2023: Terrific Tacos!

This week in Year 3 we made tacos as part of our design and technology lesson! The children learnt about the bridge and claw grip when using the knife. They used this knowledge to cut the lettuce, tomato, spring onion and pepper, before grating the cheese and cooking the mince. The children were excited to eat their tacos and enjoyed working together to make them.

In writing this week, the children have continued writing their story of Coco. The children have used their beautiful handwriting to include similes, expanded noun phrases, simple and complex sentences as well as speech!

In maths this week, we moved onto a new topic of 'Shape'. The children went outside and took it in turns to direct their partners using the key vocabulary relating to turns (quarter turn, half turn, three quarter turn and full turn. We then learnt about right angles, acute angles and obtuse angles!

We had a lovely week this week! Check back next week to see what we got up to.
