

Year 3 Blog – Week Commencing 22.05.2023: Let your spirit fly!

This week, we have been performing the song 'Let Your Spirit Fly' in music! We have been singing the lyrics, performing the actions and playing the glockenspiel. The children were able to discuss their favourite verse or chorus and look at different styles of music.

In writing, we have been publishing poems about Mexico! The children have included alliteration, expanded noun phrases, similes, metaphors and onomatopoeia to make their poems really interesting.

In maths, we have continued looking at time. The children have been talking about analogue and digital clocks and where we have seen them at home and school! We have also discussed years, months and days and talked about a rhyme to help us remember.
