

### **Year 3 Blog – Week Commencing 09.05.2023: Amazing Adverts!**

This week in Year 3, we have been looking at lots of persuasive devices to help us create our own advert - including expanded noun phrases, rhetorical questions, alliteration and more! The children have been discussing their favourite adverts they have seen to inspire each other's ideas - involving items like our favourite chocolate bars.

In maths this week, we have begun looking at money. The children have been looking at converting between pounds and pence whilst learning how to add different amounts together. We also discussed scenarios whereby we use money in our day to day lives, for instance, some children identified places like the supermarkets and the hairdressers!

We hope you all have a lovely weekend! Check back next week to see what we get up to.

The Year 3 Team
