

Year 3 Blog - Week Commencing 06.02.23: Meeting Billy Bones!

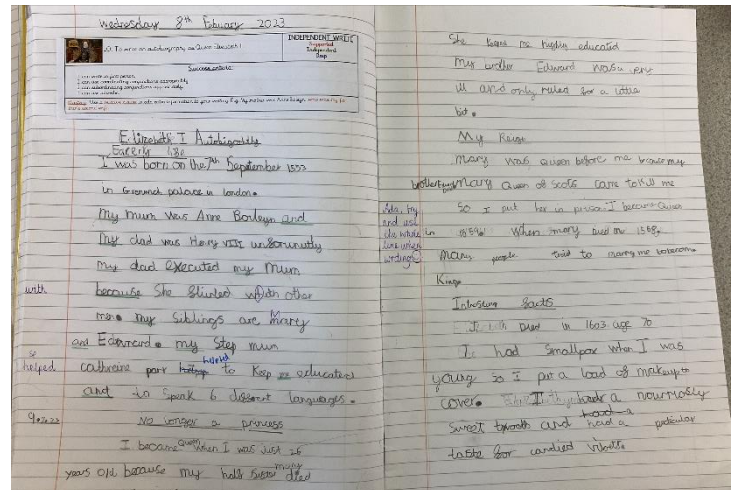

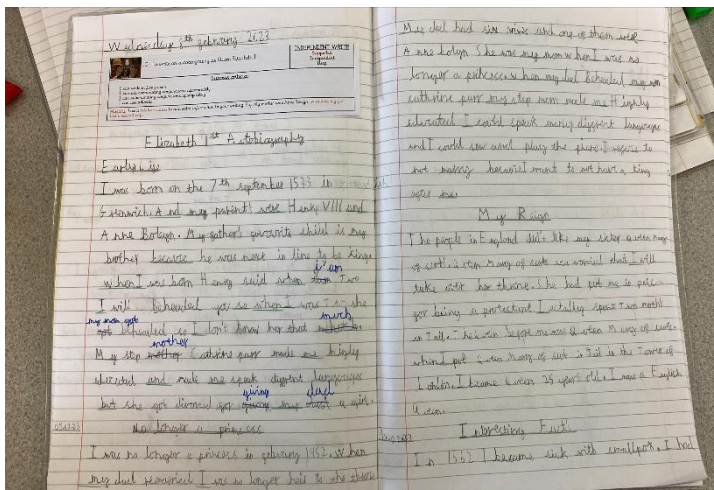

This week year 3 have enjoyed learning about the skeletons and the bones in the body. Did you know that babies have 300 bones whereas adults have 206 bones?

We have also planned our healthy meal using the eat well plate. Here are some examples.

This week we have also been writing an autobiography as if we were Elizabeth I. The children worked hard to write in first person, use adverbs and subordinating conjunctions. We have really enjoyed learning lots of about the different Tudor kings and queens.

On Friday we took part in a school spelling bee. We worked hard to try to learn the year 3 and 4 statutory spelling words and battled in our classes to find each house winner who then went to compete with the other classes to find the year group winner. Well done for all who took part!

Have a great half term and well done to year 3 for all their hard work this term!
